

CALL FOR PAPERS (EXTENDED)

(We apologize if you receive this message more than once)
Please distribute this call among your colleagues

Special Session on NATURAL LANGUAGE PROCESSING for INFORMATION RETRIEVAL
<http://www.iiconference.org/nlpir.html>

at the 2nd Indian International Conference on Artificial Intelligence (IICAI-05)
<http://www.iiconference.org/>

December 20-22 2005, Pune, India

AIM:

The session focuses on all areas of Natural Language Processing and Information Retrieval.
The topics covered by the session include but certainly not limited to:

- Document Clustering
- Information Extraction
- Information Retrieval
- Question Answering and Sentence Retrieval
- Semantic Indexing
- Text Categorization
- Text Summarization
- Word Sense Disambiguation

SUBMISSION OF PAPERS :

Authors are encouraged to submit the papers for the session. The papers can be submitted as an email to: NLPIRiicai@dsic.upv.es

The papers should be in WORD, PDF, or PS format and should be formatted according to the Springer Lecture Notes instructions.

The length of a paper should not exceed 20 pages. Shorter papers and papers on the work currently under progress are also welcome.

The first page of the paper should contain the title, name(s) of the authors, affiliations, the postal and email addresses, and at least 3 keywords appropriate to the content of the paper.

Each paper is reviewed by two experts in the topical area. All accepted papers will be published in the conference proceedings, under the title of the session.

Further information regarding the paper submission can be obtained from the session chairs or access the conference website.

PROGRAM COMMITTEE:
